

ON ROAD

Reliable tyres designed to ensure safe driving and good mileage with even wear pattern on different kinds of roads and weather conditions.

TE48-S

- ✓ **Adaptable Tread Pattern Technology:** variable tread geometry during tyre life guarantees robustness and **extended tyre life**.
- ✓ Stone ejectors on shoulder grooves prevent stone trapping whilst **preserving the tread depth** and **increasing the tyre life**.
- ✓ Waved sipes **enhance grip** whilst **limiting noise generation**.
