

ON-OFF ROAD

Tyres designed for trucks operating in rough conditions to overcome everyday on road and off-road hazards, always offering a good wear resistance.

TE68-D

- ✓ **Robust tread pattern** suitable for the toughest conditions.
- ✓ Connected tread blocks to **stabilize block movements** and **enhance tread life**.
- ✓ Optimized groove geometry, which:
 - **maximize traction**;
 - limit noise generation.
- ✓ **Adaptable Tread Pattern Technology**: variable tread geometry during tyre life guarantees **robustness** and **extended tyre life**.
